Strengths:

He has a huge upside in his games. He can cover the wings very well and can make it very difficult for offensive players to shoot over his 37" inch wing span. He is long and athletic.

He is a very good 1-on-1 defender and is usually assigned the opponents premier wing player. He is expected to be a main emphasis in the Bullis Bulldog 2008 IAC campaign.

He has both a long-range and mid-range jump shot. He sees the floor well and can find his open teammate in transition.

Weakness:

Once he fills out his 6'4" frame, he can be more physical in the painted area. He needs to handle the ball and gain more confidence in taking defenders off the dribble. He needs to take more of a leader's role this season.

2006 Camps:

2006 Eastern Invitational
2006 Navy Team Camp
2006 American University
